### **Mission Statement**

Delivering transportation projects to ensure mobility, travel safety, economic vitality, and quality of life in Solano.

### **Responsibilities**

The Solano Transportation Authority (STA) coordinates countywide transportation programs and projects under a joint powers agreement between the cities and county. It develops transportation plans, operates elderly and handicapped paratransit services and serves as the clearinghouse for several state, regional and federal transportation grants.

The STA is governed by a board composed of representatives from the county board of supervisors and mayors/city council members from each of the seven cities within the county. The Board has an Executive Director and staff, and meets monthly in Suisun City.
