A. Solano Safe Routes to School Program Coordinator Updates

1. Rio Vista/Travis AFB/Vacaville School Districts

Leigh Moilanen is coordinating a pilot program of Safety Assemblies with first responders at pre-selected schools.

2. Dixon/Fairfield/Suisun City School Districts

Crystal Preacher highlighted the Community Bike Fair held at Green Valley Middle School in preparation for the National Bike to School Day with over 200 participants. She stated a significant increase in after-school participation among students in the Wheel or Walk "WOW" program.

3. Benicia/Vallejo School Districts

Suzanne Antone reported on the success of the Bay Area Bike Mobile event held at Hogan Middle School, where bikes were repaired, helmets were distributed, and a few students received donated bicycles.

B. Enforcement Status Updates

1. Benicia Police Department

Elizabeth Carillo emphasized the importance of presence during pickup and drop-off procedures around schools.

2. Suisun City Police Department

Chair Henderson emphasized safety concerns regarding drivers blocking crosswalks. Suisun PD is considering adding cameras with real-time monitoring at heavily congested areas, allowing officers to deploy resources as needed. They are also exploring the possibility of applying for funds through the SR2S Microgrant.

3. Potential Future Funding Cycles

Amy Antunano requested feedback from Benicia and Suisun PD regarding funding needs for future Enforcement Grant cycles.

C. Community Task Force Updates

1. City of Fairfield

Tina Machado shared updates on the Engineering Enforcement and Education Committee's safe routes to school efforts and plans.

2. City of Vacaville

Gwen Owens reported on the City of Vacaville's Safe Routes to School plans for 20 schools, with a total estimated cost of \$16 million, and the prioritization of these schools based on traffic safety and socioeconomic components.

D. Micro-Grant Update

Amy Antunano announced all applicants were awarded funding for their request for the third cycle of the SR2S Micro-Grant. She confirmed a second round of the remaining funds will be released in the fall.

E. SR2S Plan Update

Amy Antunano provided an overview of the current standing of the SR2S Plan. She added staff are currently conducting walk audits and have finished outreach portion. The Plan is projected to be completed in September 2024.

F. Funding Opportunities

Dulce Jimenez informed members about the current funding sources, including Transportation Development Act Article 3 funds and the Transportation Fund for Clean Air. She provided details on their purpose, deadlines, and eligible projects.

10. COMMITTEE ROUNDTABLE AND FUTURE AGENDA TOPICS.

David Belef shared information about the Crossing Guard Training Program and encouraged members to participate in site surveys for improved ingress and egress at schools

RE: Safe Routes to School (SR2S) Micro Grant Update

Background:

In November 2019, the STA Board initiated the Safe Routes to School (SR2S) Micro-Grant Pilot Program to support small-scale projects and capital purchases aimed at enhancing bicycle and pedestrian safety around schools in Solano County. The program successfully funded 14 projects designed to improve safety and encourage students to walk and bike to school. In June 2021, the second cycle of the Micro-Grant Program awarded funding to 16 projects focused on infrastructure improvements, walk and bike safety equipment, and related incentives.

For Cycle 3 of the SR2S Micro-Grant Program, the STA Board allocated \$212,172 in TDA Article 3 funds. The application period opened on December 22, 2023, and closed on February 2, 2024. By the deadline, 12 applications totaling \$186,450.58 were received. On April 10, the STA Board approved funding for all 12 applications and authorized a second call for projects to allocate the remaining \$25,721.42. For a list of the approved projects see Attachment A.

Discussion:

The second call for projects will be released September 9th, 2024, and the deadline is October 11, 2024. For more information on the Micro Grant criteria, please see Attachment B.

In preparation for the upcoming second call for projects, STA staff will be reaching out to Solano County cities, schools, school districts, community-based organizations, the STA Bicycle and Pedestrian Advisory Committees through various channels, including the SR2S website, emails, social media, and stakeholder meetings.

Fiscal Impact:

The \$25,721.42 Cycle 3 SR2S Micro-Grant Pilot Program is funded from TDA Article 3.

RE: SR2S Program Update

Background:

The Solano Safe Routes to School (SR2S) Program aims to boost the participation of students in walking and bicycling to school by ensuring a safe, enjoyable, and healthy journey. Employing an inclusive strategy, the program incorporates six key elements, often referred to as the 6 E's: education, encouragement, enforcement, engineering, engagement, and evaluation. This initiative is accessible to all schools throughout the county and centers its efforts on implementing activities and programs that educate students about safety, promote health awareness, and identify opportunities for enhancements within communities countywide, ultimately fostering safer travel for students engaged in active modes of transportation.

In 2008, the STA Board adopted Solano's first Safe Routes to School Plan (Plan) and authorized STA staff to create a Safe Routes to School Program in Solano County. This Plan provided the direction for the SR2S Program through 2012 when the STA and the various SR2S Advisory Committees began the process of updating the 2008 Plan. The updated Plan was adopted by the STA Board in October 2013. STA Staff is currently engaging the Community Task Forces in each city in preparation for the 2024 Plan update which includes evaluating the effectiveness of the Program.

Program Updates:

1. International Walk and Roll to School Day – October 9, 2024

In 2023, a total of 46 schools throughout Solano County participated in International Walk and Roll to School Day (W2SD). To maintain and expand this engagement, the Safe Routes to School (SR2S) coordinators have set a target of registering 50 schools for W2SD 2024, scheduled for Wednesday, October 4th. Invitations will be extended to local dignitaries, inviting them to participate at the school of their choice.

2. Program Coordinator Updates

- *Janelle Gregorio – Countywide Events and SR2S Program Support*
In collaboration with Solano Public Health and local high schools, SR2S is actively piloting a youth engagement initiative. This program, named "Lights, Camera, Safety: Safe Routes to School Video Production Partnership," involves a collaboration with video production classes at Fairfield High School and Rodriguez High School, with plans to expand the initiative to additional cities within Solano County.

The goal of this partnership is to engage high school students in promoting pedestrian and bicycle safety among their peers through the creation of creative video projects. By harnessing the creativity and technical skills of these students, the program aims to produce impactful educational content, contributing to a safer and more informed community.

For the second consecutive year, the program coordinator has partnered with the City of Fairfield and the Fairfield Police Department to film and feature in a safety education video for Pedestrian Safety Awareness Month in September.

- *Suzanne Antone – Benicia and Vallejo City Unified School Districts*
The SR2S program coordinator participated in Benicia High School's Back-to-School Bash, kicking off the 2024-2025 school year with healthy and engaging activities. During this event, the coordinator educated students on pedestrian and bicycle safety, reaching over 40 individuals. Additionally, the coordinator attended the "School Glam Jam" organized by the Greater Vallejo Recreation District, where she engaged with over 50 individuals from more than eight local schools in the City of Vallejo.

This year, the program coordinator is collaborating with local libraries to pilot a "Story Hour" program. This initiative will feature the reading of a book that promotes pedestrian and bicycle safety, accompanied by music from the established partnership with Music Notes.

- *Leigh Moilanen – River Delta, Travis, and Vacaville Unified School Districts*
For the 2024-2025 school year, SR2S participated in a backpack and haircut giveaway event organized by the City of Vacaville and attended the "Meet the Teachers" event at Scandia Elementary School in the Travis Unified School District.

In the coming month, SR2S will schedule bike mobiles for communities in the City of Vacaville and the City of Rio Vista. In conjunction with these bike mobiles, SR2S will also collaborate with the California Highway Patrol (CHP) to host a Bike Rodeo at these events as they are scheduled.

Along with other departments of the Solano Transportation Authority, SR2S will be present at the City of Rio Vista's Airport Days event.

The program coordinator aims to organize six "Safety Day Assemblies" at various schools across Solano County, with these events planned for the Spring of 2025.

- *Crystal Peacher – Dixon and Fairfield-Suisun Unified School Districts*
The SR2S program coordinators kicked off the year by actively participating in key community events, beginning with Fairfield-Suisun’s annual Backpack Giveaway and Resource Fair, where they engaged with over 100 students and their families. Additionally, SR2S made its first appearance at the City of Suisun City’s National Night Out event, connecting with more than 200 individuals, including representatives from Assemblywoman Lori Wilson’s office and Congressman John Garamendi’s office.

Looking ahead, SR2S is committed to both strengthening existing partnerships with Champion schools and expanding outreach to middle and high schools. This will include offering volunteer opportunities, starting with the Key Club at Armijo High School (Fairfield). Building on the success of last year’s Walk or Wheel Program at Green Valley Middle School (Fairfield), SR2S plans to replicate the initiative at other middle schools to help alleviate traffic congestion during school dismissal.

In addition, SR2S will continue to support the Dixon Unified School District in integrating Anderson Elementary students into Gretchen Higgins and Tremont Elementary Schools.

To further enhance community engagement, plans are also underway to organize community bike fairs.

Fiscal Impact:

None.
