The RFP describes the project, presents the requirements of the **Proposer** and outlines the criteria that will be used to evaluate the **Proposal**.

Qualified organizations are invited to submit three (3) hard copies and one (1) digital copy (via flash drive) of your Proposal to the STA office **no later than 4:00 PM, on May 6, 2024**, addressed to:

Attn: Debbie McQuilkin, Senior Transit Mobility Coordinator
Solano Transportation Authority
423 Main Street
Suisun City, CA 94585

Note that this deadline is firm and late submittals **will not** be accepted. **Proposals** will be reviewed and, if needed, the firms/teams whose qualifications most closely meet the STA's needs will be invited to interview on or about **May 14, 2024**.

The STA has adopted a Disadvantaged Business Enterprise ("DBE") goal for this project, which is 10%. Please note that the attached DBE forms (Exhibit 10-O1 and Exhibit 10-O2) must be filled out and included in an appendix of your firm's proposal. Firms whose proposals fail to meet the established DBE goal must demonstrate in writing what efforts they have made to locate DBE firms. The STA has the right to deem a proposal as non-responsive if this participation goal has not been met, and documentation demonstrating a good faith effort is judged inadequate. Guidelines for determining good faith efforts are available from the STA.

This Project has a participation goal for disadvantaged veteran business enterprise (DVBE) firms of 3%. DVBE participation is required. The STA has the right to deem a proposal as non-

responsive if this participation goal has not been met, and documentation demonstrating a good faith effort is judged inadequate. Guidelines for determining good faith efforts are available from the STA.

The STA encourages, but does not require for this solicitation, the use of local firms. To assist in the use of local firms, the STA has prepared a database of contact information for local firms for convenience purposes only and without guarantees as to the ability of such firms to provide the services. This database and the Local Preference Policy can be viewed at: <https://sta.ca.gov/operations/rfp-rfq-local-preference/>

SECTION 1 - INTRODUCTION

The Solano Transportation Authority's (STA) Mission is to improve the quality of life in Solano County by delivering transportation projects to ensure mobility, travel safety, and economic vitality for all.

The STA was created in 1990 through a Joint Powers Agreement between the cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, Vallejo, and the County of Solano to serve as the Congestion Management Agency (CMA) for Solano. As the CMA for Solano County, the STA partners with various transportation and planning agencies.

The STA is responsible for countywide transportation planning, programming transportation funds, managing and providing transportation programs and services, delivering transportation projects, and setting transportation priorities.

The STA uses an open and inclusive public involvement process through various committees made up of local elected officials, public works directors, transit operators, and interested citizens.

Travel training is a critical component of the STA's Solano Mobility Program efforts. Through travel training efforts, older adults and youth are provided with fixed route transit orientation, and persons with physical and cognitive disabilities can be given trip-specific training to allow them to move from less efficient demand response services to generic fixed route transit services for some or all of their travel needs.

SECTION 2 - SERVICES TO BE PROVIDED – SCOPE OF WORK

The STA intends to contract for services to provide travel training to residents in Solano County. STA estimates needing travel trainers to work 40 to 60 hours a week. Proposals can include part-time travel training, or full-time, or any combination. In addition, STA may need to contract to provide travel training services on an on-call basis.

The trainer's schedule is contingent on the needs of the trainee. One-on-one mobility trainers should expect to work non-traditional work hours. For example, if they are teaching a person with a cognitive disability how to get to a day program that starts at 8:30 a.m. the trainer may need to start their workday at 7:00 a.m. The trainer then would need to train the trainee how to get home after the program which may end at 3:00 p.m. Given this scenario, the trainers would need to schedule an activity such as outreach or work with a person (such as an older adult) who could be flexible on training times in between the first trainee's trips.

Purpose: Contractor will provide a travel trainer(s) to provide Travel Training services for Solano County residents who want to learn to travel safely and independently using public transportation in Solano County and neighboring cities.

The contractor will provide Travel Training services for Solano County residents wanting to learn to travel on any local bus routes in Solano County, Solano Express Intercity Routes, San Francisco Bay Ferry and Capitol Corridor, including transfers to connecting services. Contractor will work with Solano Mobility staff to develop, organize, and conduct travel training field trips to encourage individuals to try transit and attend events to promote Solano Mobility Programs including travel training.

The travel trainer will teach trainees, individual, or groups of individuals a variety of travel skills to facilitate their ability to ride local and regional transportation independently through the multi-day program that is comprehensive and individualized. The travel trainers will work with the trainees to learn transit routes from point A to point B within Solano County and neighboring cities and counties. In addition, the travel trainer will organize and conduct field trips to familiarize Solano County residents with the local and regional bus systems, the Capitol Corridor train, and the San Francisco Bay Ferry, and market and promote the Solano Mobility Programs, including travel training, through presentations.

Accountabilities:

- To provide for the safety of the trainee during travel training.
- To monitor the quality of the instructional services provided to trainees.
- To provide reports, summarizes, documentation, and presentations on the status and progress of the travel training program (sample report templates will be provided upon request).

SECTION 3 – SOLANO MOBILITY PROGRAMS PROJECT BACKGROUND

Solano Mobility is a system of managing transportation resources that aims to improve specialized transportation for seniors, people with lower incomes, and people with disabilities, using a wide range of services and options. Solano Mobility optimizes all transportation resources in a community, particularly those other than traditional fixed route systems.

STA implemented Solano Mobility Programs to begin addressing the mobility needs of the rapidly growing populations of seniors, people with disabilities, and low-income. The development of a mobility management program for Solano County emerged as a countywide priority based on five (5) Community-Based Transportation Plans, two (2) Solano County Senior and Disabled Transportation Summits, Solano Transportation Study for Seniors and People with Disabilities (2011), and four (4) STA Advisory Committees.

Below are the programs that were developed:

1. Countywide ADA In Person Eligibility Program
2. Senior Safe Driving Information
3. Solano Intercity Taxi Scrip
4. Solano Mobility Call Center
5. Travel Training

Travel training programs teach individuals how to ride fixed-route transit services. In some cases, this is in lieu of the more expensive ADA Paratransit system and provides passengers more flexibility. Travel training programs may vary but the overall concept is to teach an individual how to use fixed-route transit either one-on-one or in a group setting. These programs help seniors, persons with disabilities, and people with low-income learn to be more independent and increase their mobility options. There is a continuum of service in regards to travel training. The training will depend on the trainee's condition and can range from several hours to several days depending on the individual's needs.

Following are some examples of how travel training can benefit trainees:

- Seniors who are reducing their driving can learn to take public transit to maintain freedom and independence.
- Students can learn to use public transit to access school or work sites.
- Veterans or low-income residents may need a simple overview of the public transit system.
- Persons with visual, audio, physical, or other mobility challenges can utilize travel training to acquire transit skills that make it possible for them to use the local system.
- Persons with cognitive disabilities can use specialized one-on-one travel training over a longer period of time to learn to use public transit safely and independently.

A rider using fixed-route transit will usually experience much more freedom and independence than they would using a Paratransit service. On fixed-route, reservations are not required and riders can travel on the spur of the moment. For transit operators, the savings from shifting a rider from ADA Paratransit service to fixed route transit can be substantial. The cost of an ADA Paratransit trip is generally much higher than a fixed route trip.

Travel Training began in 2015. STA contracted with two non-profits to provide travel training services. One non-profit work focus was on people with cognitive disabilities and the other non-profits focus was on people with physical disabilities. The travel training program had some postponements due to non-profit staff turnovers and a low volume of referrals. Travel Training universal pass is in place and accepted by all transit operators in Solano County for travel training purposes so the trainer and trainee ride for free. Some field trips will require passes to board. STA staff will inform the travel trainer if passes are needed and the passes can be picked up at the STA office. STA has completed multiple outreach events since the program was implemented. One of the main goals at each outreach event is to bring awareness to new and existing Solano Mobility Programs including Travel Training.

STA is releasing this RFP to meet Federal Transit Administration and Caltrans requirements to contract more than one year at a time.

SECTION 4 – DISADVANTAGED BUSINESS ENTERPRISE (DBE) AND DISADVANTAGED VETERAN BUSINESS ENTERPRISE (DVBE) GOALS / NON-DISCRIMINATION

Policy

It is the policy of the STA to ensure nondiscrimination on the basis of race, color, sex or national origin in the award and administration of DOT-assisted contracts. It is the intention of the STA to create a level playing field on which DBEs can compete fairly for contracts and subcontracts relating to the STA's construction, procurement, and professional services activities.

Pursuant to 49 CFR Section 26.13, the STA is required to make the following assurance in every DOT-assisted contract and subcontract:

The recipient shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of any DOT-assisted contract, or in the administration of its DBE Program, or the requirements of 49 CFR, Part 26. The recipient shall take all necessary and reasonable steps under 49 CFR, Part 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts. The recipient's DBE Program, as required by 49 CFR, Part 26 and as approved by DOT, is incorporated by reference in this agreement. Implementation of this program is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the recipient of its failure to carry out its approved program, the Department may impose sanctions as provided for under Part 26 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31 U.S.C. 3801 et seq.).

The STA recommends that bidders/proposers review the STA's DBE Program, which is available on the STA website at <https://sta.ca.gov/work-with-sta/procurement-opportunities/> and complete the DBE forms, attached below as **Attachment B**.

Disadvantaged Business Enterprise (DBE) Program

1. This solicitation and resultant Agreement are financed in whole or in part with federal funds and therefore subject to Title 49, Code of Federal Regulations, Part 26 (49 CFR 26) entitled

“Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs.” In compliance with 49 CFR 26, Caltrans set an overall annual DBE goal comprising both race neutral and race conscious elements. To ensure equal participation for DBE groups specified in 49 CFR 26.5, Caltrans specifies a contract goal for DBE participation. The required goal for DBE participation in this solicitation is **ten percent (10%)**.

2. To ensure applicable participation of the specified DBEs as defined in 49 CFR 26.5, this solicitation’s goal applies to all certified DBEs. Only certified DBE participation will count toward the Agreement goal for this solicitation. DBE participation will count towards Caltrans’ federally mandated overall annual DBE goal. In order to ascertain whether its overall annual DBE goal is being achieved, Caltrans tracks DBE participation on all federal- aid contracts.
3. It is the Bidder’s/Proposer’s responsibility to verify that the DBE firm is certified as a DBE by the specified bid submittal due date and time. For a list of DBEs certified by the California United Certification Program (CUCP), go to: http://www.dot.ca.gov/hq/bep/find_certified.htm
4. Proposer shall complete and submit **Attachment B**, Bidder/Proposer Disadvantaged Business Enterprise DBE Information and/or Bidder/Proposer Disadvantaged Business Enterprise DBE Good Faith Efforts Documentation for detailed information and the required forms. Required forms will be made a part of the Agreement. Failure to meet the DBE goal or Good Faith Effort requirements and provide required DBE participation may result a bid/proposal being rejected as non-responsive.

Disadvantaged Veteran Business Enterprise (DVBE) Program

As this project is utilizing State Transit Assistance Funds (STAF), the participation goal for DVBE firms has been established at **three percent (3%)**.

Equal Employment Opportunity

The STA encourages prospective Consultants to actively recruit minorities and women for their respective workforces. The STA requests copies of any nondiscrimination or equal opportunity plans that the prospective Consultants have in place.

SECTION 5 - CONFIDENTIALITY SECTION

The master copy of each response to this RFP shall be retained for official files and will become a public record after the award of a contract unless the proposal or specific parts of the proposal can be shown to be exempt by law (Government Code section 6250 et seq.). Each Responding Firm may clearly label part of a submittal as "CONFIDENTIAL" if the Responding Firm agrees to indemnify and defend the STA for honoring such a designation. The failure to so label any information that is released by the STA shall constitute a complete waiver of all claims for damages caused by any release of the information. If a public records request for labeled information is received by the STA, the STA will notify the Responding Firm of the request and delay access to the material until seven working days after notification to the Responding Firm. Within that time delay, it will be the duty of the Responding Firm to act in protection of its labeled information. Failure to so act shall constitute a complete waiver.

4. Time of Performance

If a final decision or judgment allocates liability by determining any portion of damages awarded is attributable to STA's negligence or willful misconduct, STA shall pay the portion of damages allocated to STA's negligence or willful misconduct, provided that STA shall not be liable for any passive negligence of STA, its officers, officials, employees and volunteers in reviewing, accepting or approving any service or work product performed or provided by Contractor.

1. TERMS AS USED IN THIS DOCUMENT

- The term “Disadvantaged Business Enterprise” or “DBE” means a for-profit small business concern owned and controlled by a socially and economically disadvantaged person(s) as defined in Title 49, Code of Federal Regulations (CFR), Part 26.5.
- The term “Agreement” also means “Contract.”
- Agency also means the local entity entering into this contract with the Contractor or Consultant.
- The term “Small Business” or “SB” is as defined in 49 CFR 26.65.

2. AUTHORITY AND RESPONSIBILITY

- A. DBEs and other small businesses are strongly encouraged to participate in the performance of Contracts financed in whole or in part with federal funds (See 49 CFR 26, “Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs”). The Consultant must ensure that DBEs and other small businesses have the opportunity to participate in the performance of the work that is the subject of this solicitation and should take all necessary and reasonable steps for this assurance. The proposer must not discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.
- B. Proposers are encouraged to use services offered by financial institutions owned and controlled by DBEs.

3. SUBMISSION OF DBE INFORMATION

If there is a DBE goal on the contract, Exhibit 10-O1 *Consultant Proposal DBE Commitment* must be included in the Proposal. In order for a proposer to be considered responsible and responsive, the proposer must make good faith efforts to meet the goal established for the contract. If the goal is not met, the proposer must document adequate good faith efforts. All DBE participation will be counted towards [meeting](#) the contract goal; therefore, all DBE participation shall be collected and reported.

Exhibit 10-O2 *Consultant Contract DBE Information* must be included in [best qualified consultant’s executed consultant contract](#). Even if no DBE participation will be reported, the successful proposer must execute and return the form.

4. DBE PARTICIPATION GENERAL INFORMATION

It is the proposer’s responsibility to be fully informed regarding the requirements of 49 CFR, Part 26, and the Department’s DBE program developed pursuant to the regulations. Particular attention is directed to the following:

- A. A DBE must be a small business firm defined pursuant to 13 CFR 121 and be certified through the California Unified Certification Program (CUCP).
- B. A certified DBE may participate as a prime consultant, subconsultant, joint venture partner, as a vendor of material or supplies, or as a trucking company.
- C. A DBE proposer not proposing as a joint venture with a non-DBE, will be required to document one or a combination of the following:
 1. The proposer is a DBE and will meet the goal by performing work with its own forces.
 2. The proposer will meet the goal through work performed by DBE subconsultants, suppliers or trucking companies.
 3. The proposer, prior to proposing, made adequate good faith efforts to meet the goal.

- D. A DBE joint venture partner must be responsible for specific contract items of work or clearly defined portions thereof. Responsibility means actually performing, managing, and supervising the work with its own forces. The DBE joint venture partner must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.
- E. A DBE must perform a commercially useful function pursuant to 49 CFR 26.55, that is, a DBE firm must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing and supervising the work.
- F. The proposer shall list only one subconsultant for each portion of work as defined in their proposal and all DBE subconsultants should be listed in the bid/cost proposal list of subconsultants.
- G. A prime consultant who is a certified DBE is eligible to claim all of the work in the Contract toward the DBE participation except that portion of the work to be performed by non-DBE subconsultants.

- B. If the materials or supplies purchased from a DBE regular dealer, count 60 percent of the cost of the materials or supplies. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the Contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business provided in this section.

Year 4	\$53.06	+	2%	=	\$54.12	Year 5 Avg Hourly Rate

3. Calculate estimated hours per year (Multiply estimate % each year by total hours)

	Estimated % Completed Each Year		Total Hours per Cost Proposal		Total Hours per Year	
Year 1	20.0%	*	5000	=	1000	Estimated Hours Year 1

Total	100%		Total	=	5000	

4. Calculate Total Costs including Escalation (Multiply Average Hourly Rate by the number of hours)

	Avg Hourly Rate (calculated above)		Estimated hours (calculated above)		Cost per Year	
Year 1	\$50.00	*	1000	=	\$50,000.00	Estimated Hours Year 1
Year 2	\$51.00	*	2000	=	\$102,000.00	Estimated Hours Year 2
Year 3	\$52.02	*	750	=	\$39,015.00	Estimated Hours Year 3
Year 4	\$53.06	*	750	=	\$39,795.30	Estimated Hours Year 4
Year 5	\$54.12	*	500	=	\$27,060.80	Estimated Hours Year 5
	Total Direct Labor Cost with Escalation			=	\$257,871.10	
	Direct Labor Subtotal before Escalation			=	\$250,000.00	
	Estimated total of Direct Labor Salary Increase			=	\$7,871.10	Transfer to Page 1

NOTES:

1. This is not the only way to estimate salary increases. Other methods will be accepted if they clearly indicate the % increase, the # of years of the contract, and a breakdown of the labor to be performed each year.
2. An estimation that is based on direct labor multiplied by salary increase % multiplied by the # of years is not acceptable.
(i.e. \$250,000 x 2% x 5 yrs = \$25,000 is not an acceptable methodology)
3. This assumes that one year will be worked at the rate on the cost proposal before salary increases are granted.
4. Calculations for anticipated salary escalation must be provided.
