**Solano Countywide Climate Adaptation and Resiliency Plan
Questions and Answers**

1. Page 1 of the RFP states: "The STA has adopted a Disadvantaged Business Enterprise ("DBE") goal for this project which is 21%. Please note that the attached DBE forms (Exhibit 10-O1 and Exhibit 10-O2) must be filled out and included in an appendix of your firm's proposal." Since the 10-O2 contains pricing information, should it be included with the cost in a separate sealed envelope, or is the 10-O2 not due until contract award, as referenced in the 10-I, Item 3?
 - Response: This is an error. The 10-O2 DBE form is not due until the contract award is executed, as referenced in 10-I Notice to Proposers DBE Information, Item 3. Only the 10-O1 DBE form needs to be attached to the consultant team's proposal.
