<p>AB 21 DeMaio R</p> <p>Taxpayer Protection Act of 2025.</p>	<p>This bill may be heard in committee on January 2, 2025.</p>	<p>The California Constitution requires a state statute that would result in any taxpayer paying a higher tax to be imposed by an act passed by 2/3 vote of the each house of the Legislature. The California Constitution also provides that all taxes imposed by a local government are either general taxes or special taxes, as defined, and requires that taxes imposed, extended, or increased by a local government be submitted to the electorate and approved by a majority vote, in the case of general taxes, or a 2/3 vote, in the case of special taxes. Existing law imposes specified requirements on state and local ballots, including, among other things, on the contents of the ballot label, ballot title, and summary. This bill would declare the intent of the Legislature to enact a constitutional amendment to limit the ability of state and local governments to raise taxes, restore a 2/3 vote requirement on local special tax increases, impose voter approval requirements on specific categories of new taxes, and regulate the titles on state and local ballot measures relating to tax increases.</p>	<p>Watch</p>
<p>AB 23 DeMaio R</p> <p>The Cost of Living Reduction Act of 2025.</p>	<p>This bill may be heard in committee on January 2, 2025.</p>	<p>Existing law vests the Public Utilities Commission (PUC) with regulatory authority over public utilities, including electrical corporations and gas corporations, and requires the PUC to develop a definition of energy affordability. Existing law also establishes the Milton Marks “Little Hoover” Commission on California State Government Organization and Economy (Little Hoover Commission) to promote economy, efficiency, and improved service in the transaction of the public business in the various departments, agencies, and instrumentalities of the executive branch of state government. This bill, the Cost of Living Reduction Act of 2025, would declare the intent of the Legislature to enact subsequent legislation to reduce the cost of living in California by undertaking specified activities, including, among other things, by suspending all state taxes and fees on gasoline and electric and gas utilities and by requiring the Little Hoover Commission to provide a report on methods to reduce the cost of living in other areas, as provided.</p>	<p>Watch</p>

<p>AB 61 Pacheco D</p> <p>Electricity and natural gas: legislation imposing mandated program and requirements: third-party review.</p>	<p>This bill may be heard in committee on January 2, 2025.</p>	<p>Existing law vests the Public Utilities Commission with regulatory authority over public utilities, including electrical corporations and gas corporations. The Public Advocate’s Office of the Public Utilities Commission is established as an independent office within the commission to represent and advocate on behalf of the interests of public utility customers and subscribers within the jurisdiction of the commission. This bill would request the office to establish, by January 1, 2027, a program to, upon request of the Legislature, analyze legislation that would establish a mandated requirement or program or otherwise affect electrical or gas ratepayers, as specified. The bill would request the office to develop and implement conflict-of-interest provisions that would prohibit a person from participating in an analysis for which the person knows or has reasons to know that the person has a financial interest. The bill would establish the Energy Programs Benefit Fund in the State Treasury and continuously appropriate the moneys in the fund to the office to support the work of the office in providing analyses under the bill. The bill would repeal these provisions on January 1, 2031.</p>	<p>Watch</p>
