SCOPE OF WORK

This Scope of Work is to provide transit service within the City of Suisun and access certain locations in the immediate vicinity. Proposals should reflect flexibility to adjust costs and services as needed.

Service is expected to commence on or about January 1, 2027, with the following framework:

1. Local Area Dial-a-Ride Service

One cutaway type vehicle operating from 7am to 7pm weekdays. Will not operate Saturdays, Sundays, and generally recognized federal holidays identified below. DAR service is convenient but cannot handle very many passengers – likely about two to three trips per hour of operation. 2. Local School Tripper Service

Two cutaway type vehicle operating peak am and peak pm, totaling about eight hours of service per school day. On non-school days, only one bus is in operation. Bus/buses will run routes designed to move a small number of local school children from certain identified bus stops to bus stops near certain elementary schools. The routes will be fixed with specified bus stops on specified timetables. These trippers are provided to allow the regular DAR service to operate normally when use by school children would otherwise cause overcrowding and missed pickups for other riders during peak times for travel to and from local schools.

No service is offered on Saturdays or Sundays, or on the following holidays:

- New Year's Day
- Martin Luther King Jr.
- President's Day
- Memorial Day
- Independence Day
- Labor Day
- Veteran's Day
- Thanksgiving Day
- Christmas Day

REVENUE SERVICE HOURS

Initially, STA expects to provide the following levels of service and proposals should reflect this base level with the ability to cost effectively add and subtract service, as needed:

<u>DAR Service</u>	
Hours per day	12
Days per year	250
Total Annual Hours	3,000
<u>School Tripper</u>	
Hours per day*	4.5
Days per year	250
Total Annual Hours	1,125
Total Hours	4,125

*Does not accurately reflect school days. Total Number of Hours is expected to be 1,125 for the entire year.

STA expects to provide certain facilities to the Contractor to be located at STA Headquarters and the Suisun Train Depot in Suisun City, CA:

- vehicle parking and staging areas
- farebox vault storage
- administrative offices
- driver staging area
- dispatching and customer service center

If Contractor fails to cure a default within thirty (30) days after notification, unless otherwise specified in Exhibit D, or if the default requires over thirty (30) days to cure and Contractor fails to commence to cure the default within thirty (30) days after notification, then Contractor's failure shall terminate this Contract.

B. If Contractor fails to cure default within the specified period of time, STA may elect to cure the default and any expense incurred shall be payable by Contractor to STA.

If a final decision or judgment allocates liability by determining any portion of damages awarded is attributable to STA's negligence or willful misconduct, STA shall pay the portion of damages allocated to STA's negligence or willful misconduct, provided that STA shall not be liable for any passive negligence of STA, its officers, officials, employees and volunteers in reviewing, accepting or approving any service or work product performed or provided by Contractor.
